

Kington Primary School: Preparing Children for Life in Modern Britain - Evidence and Impact

At Kington Primary School we take very seriously our responsibility to prepare children for life in modern Britain. We ensure that the fundamental British Values are introduced, discussed and lived out through our Values-based philosophy that infuses the ethos and work of the school. All curriculum areas provide a vehicle for furthering understanding of these concepts and, in particular, our RE, SMSC, PSHE, sessions give excellent opportunities to deepen and develop understanding. Children embrace these concepts with enthusiasm and demonstrate a good understanding of their application to their own lives.

The school makes considerable efforts to ensure children have exposure to a wide experience beyond their local community during which these concepts are shown, through for example, sporting events, residential visits to London and outdoor centres and through visiting speakers from other denominations and groups. Their strong-rooted values-based understanding gives them an excellent platform for embracing difference.

British Value	Statement	Evidence	Impact
Mutual Respect and the Tolerance of those with different Faiths and Beliefs	Respect is a fundamental school value, around which pivots much of the work of the school. We pay explicit attention to this as	SEAL planning. Collective Worship RE curriculum RE planning and work books. Learning Walks for behaviour and	Children can articulate why respect is important; how they show respect to others and how they feel about it for themselves.

	<p>part of our RE, PHSE, and SMSC curriculum. Respect is a school value that is discussed deeply, starting with self-respect and covering respect for family, friends, and other groups; the world and its people; and the environment.</p>	<p>behaviour for learning School Values</p>	<p>Children's behaviour demonstrates their good understanding of this value in action. Children are able to talk about the different faiths and cultures they learn about, ask questions and show tolerance and respect for others of different faiths and religions.</p>
<p>Democracy</p>	<p>The children at KPS see democracy borne out in a whole variety of ways and see this as being an essential component of successful team working. Democracy is a school value that children meet when discussing respect and fairness.</p>	<p>School Council minutes and records Records of PSE/SEAL Collective Worship RE planning and work books. Learning Walks for behaviour and behaviour for learning School Values</p>	<p>Children are able to work co-operatively in pairs and groups as well as in whole class situations. They understand about turn taking and respecting the views of others. Children in KS2 in particular are able to use the language of respect, e.g. I agree with/ I don't agree with...' through philosophy.</p>
<p>Rule of Law</p>	<p>The children at KPS are familiar with this concept through the strong values-based philosophy that infuses the entire work of the school. They are familiar with the concept too through the discussion of our values and, in RE lessons, the idea that different religions have guiding principles. Children are used to debating and discussing laws/rules and their application. Children are familiar</p>	<p>Class Rules School Code of Conduct/Learning Behaviours School Values PSHE/Citizenship School Council minutes and records Records of SEAL/VALUES sessions Collective Worship. RE planning and work books. Learning Walks for behaviour and behaviour for learning School Values</p>	<p>Children are able to articulate how and why we need to behave in school and demonstrate they understand and can abide by these. They are able to discuss and debate philosophical issues in relation to these.</p>

	with the local police who take assemblies and talk to them informally.		
Individual Liberty	Our Values-based discussions include discussion about the self, e.g. self-respect and self-worth in relation to the individual value so that children see that they are important in their own right. The philosophy of our teaching and learning places emphasis on the right to have our own thoughts and evidence-based views. Children are strongly encouraged to develop independence in learning and to think for themselves.		Children understand about the importance of accepting responsibility and of their right to be heard in school. They are consulted on many aspects of school life and demonstrate independence of thought and action.
