9th March 2026

Dear Parents and Carers,

We are pleased to inform you that on Wednesday 26th March our school will be holding a STEM Day to celebrate and promote learning in Science, Technology, Engineering and Mathematics.

During the day, pupils from Year 1 to Year 6 will take part in a range of exciting activities. We have arranged to have Robotics workshops (Hyett Education), as well as several teacher-led STEM activities designed to inspire curiosity, problem-solving and creativity.

To help cover the cost of the workshop and resources for the day, we kindly ask for a donation of £3 per child. 'Friends of Kington' have also kindly agreed to contribute towards the cost of this valuable learning experience for our children. Payment can be made online at www.eduspot.co.uk

We believe this will be an engaging and memorable day for the children, and we thank you for your continued support.

Yours sincerely,

Mrs B Hedley
Science Co-Ordinator
